DETAILED ACTION

1. Claims 1 and 3-8 are now pending in the instant application.

Response to Amendment

2. Applicants' Amendment and Response to the Notice of Non-Compliant Amendment, submitted March 17, 2008, has been reviewed by the Examiner and entered of record in the file. Accordingly, claims 2 and 9-11 have been cancelled, claims 1 and 7 have been amended.

Oath/Declaration

3. In the previous Office Action, Examiner Cheng had indicated that a new Oath/Declaration was required. Applicant's substitute Declaration, submitted March 17, 2008, has been accepted and entered of record in the file.

Specification

4. The disclosure was previously objected to for containing informalities in pages 24-25, 42 and 45 of the specification. Applicants have submitted replacement paragraphs in order to correct the errors in the specification. Therefore, the objections are withdrawn.

Previous Claim Rejections - 35 USC § 112

5. In the previous Office Action, Examiner Cheng had rejected claims 1-6, 8 and 10 under 35 USC 112, first paragraph, as not being enabled. In view of Applicants' amendatory changes to the claims, the rejections are withdrawn.
6. Claims 1-8 and 10 were previously rejected under 35 USC 112, second paragraph, as being indefinite. In view of the deletion of "N-oxides" from the claims, the rejections have been obviated and are withdrawn.

Previous Claim Rejections - 35 USC § 102

7. Claims 1, 2, 4, 8 and 10 were previously rejected under 35 USC 102(b) as being anticipated by Bekkali et al and by Bailey et al. In view of Applicants' amendments in order to delete the overlapping subject matter from the claims, the rejections are withdrawn.

EXAMINER'S AMENDMENT

8. Claims 3 and 4 depend from cancelled claim 2.

9. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Nicole M. Beeler on March 31, 2008. The application has been amended as follows:

- a) Claim 3, please change the dependency from "Claim 2" to "Claim 1".
- b) Claim 4, please change the dependency from "Claim 2" to "Claim 1".

REASONS FOR ALLOWANCE

10. In view of Applicant's amendatory changes and cancellations, claims 1 and 3-8 are allowable over the prior art, as newly renumbered claims 1-7. The following is an examiner's statement of reasons for allowance:

This invention relates to novel cycloalkyl-carboxamide cyanomethyl compounds and their pharmaceutical compositions. The allowable compounds are limited to compounds according to the formula of claim 1, that are cysteine protease inhibitors. Certain carboxamide cyanomethyl compounds are known in the art as having pharmaceutical activity, however the aspect of preparing the instant claimed cycloalkyl-carboxamide cyanomethyl derivatives, with

inhibitory activity on cathepsins is novel and unobvious. The instant compounds were tested for selective inhibition of cathepsins K, L, B and S (please refer to inhibitory results, etc. found in pages 57 and 58 of the specification. After a thorough search, the closest of prior art, U.S. Pat. No. 6,313,117 to Bekkali, et al. was found to teach similar carboxamide-cyanomethyl derivatives. However the '117 patent fails to teach or render obvious the instant compounds according to the same formula of claim 1, and does not fairly suggest their pharmaceutical compositions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
